PROGRAMA EXTRA-OFICIAL

September 1

The Guadalquivir River "breaks in two" when crossing Seville. There are many places to contemplate accompanied by a pleasant chat. On the other hand, Triana is one of the most emblematic neighborhoods of Seville.

Precisely by the river, there are many places to have a sweet wine or a soft drink while we count the battles that took place in the morning training.

September 3

The "Barrio de Santa Cruz" is undoubtedly one of the standards of our city. From almost any corner of its narrow streets, one can take dreamy photographs. That day, we will end up watching a flamenco show while we have dinner.

September 4

This evening we want to make known something very characteristic of the way of leisure in the Andalusian street. That of going from "bar to bar" trying different tapas, wines, beers ... is very much our feeling.

September 5

After a well-deserved rest, we will meet in one of our villages to live together and train at sunset. That day, we will eat the Mexican, the Colombian, the Andalusian.

PROGRAMA EXTRA-OFICIAL

September 6

Probably, that day we will finish something more exhausted, but the visit to another of the most beautiful cities in the country will deserve the effort. After a family lunch, we will go to see "The Mosque".

September 10

When we travel abroad, we almost always want to bring souvenirs and gifts. That day, we will take you to places where you can find what you want at a good price. In the afternoon, we will go bowling. We will have dinner in a Korean restaurant.

September 11-12

Granada is the city that falls in love with those who step on it. The Alhambra is one of the wonders of the world. Probably one of the visits that will cost you the most to forget ...

September 13

In the morning, everyone will do what he pleases. In the afternoon / evening, you will meet one of our typical parties.
